

The Pool & Hot Tub Council of Canada is a Distinguished Sponsor of the **Foundation for Pool & Spa Industry Education**. FPSIE is a not-for-profit organization which provides educational opportunities to the sector, and in so doing attracts new people to the industry and increases the level of knowledge for those involved with swimming pools, spas and hot tubs.

In addition to discounted rates on the use of the FPSIE facilities, Members of the Pool & Hot Tub of Canada are eligible for preferred rates on the following FPSIE educational offerings:

Aquatic Energy Auditor (AEA) Course: *This advanced course covers energy relationships relating to recirculation and filtration, hydraulics and piping, heaters, pumps, motors and lighting. Students will learn how to perform energy audits and determine the energy efficiencies of swimming pools and spas. The course is intended for pool service personnel, inspectors and energy auditors.*

Offered only to Members of the Pool & Hot Tub Council of Canada:

Internet Computer Course : **\$185 CDN**

Classroom Course in Sacramento, Calif. Discounted Fee: **\$285 CDN**

AEA Textbook : **\$20 CDN** (plus shipping and handling)

TECH 1 Course: *This course covers the basic, practical elements of pool and spa technology including structures, electrical systems, hydraulics, pumps, filters, heaters, water chemistry, chemical feeders, and pool and spa maintenance. This course is intended for pool owners, operators, retail staff, maintenance staff, engineers and directors of health departments.*

Offered only to Members of the Pool & Hot Tub Council of Canada:

Internet Computer Course: **\$ 390 CDN** (no certification*)

Classroom Course in Sacramento, Calif. Discounted Fee: **\$1300 CDN** (no certification*)

TECH 1 Textbook and Workbook: **\$170 CDN** (plus shipping and handling)

* Certification available only through the Association of Pool & Spa Professionals (APSP)
